ABOUT ME

Information Systems undergraduate at UPN "Veteran" East Java with a solid foundation in database systems, application development, and data driven problem solving. Experienced in SQL, cross platform programming, and business process analysis, I am eager to contribute as a data analyst or fullstack developer intern. Proactive, detail oriented, and adaptable, I am ready to translate data into clear insights, build functional applications, and deliver measurable impact through strong technical execution and teamwork.

EDUCATION

Universitas Pembangunan Nasional "Veteran" Jawa Timur **Surabaya, Indonesia**

Bachelor of Information Systems Faculty of Computer Science (GPA : 3.87) *August 2024 - Present*

- Relevant Coursework : Computational Mathematics, Programming (Desktop, Mobile, Web), Logic and Algorithms, Database Systems, Business Process Analysis, Information Systems Analysis and Design, Network Management Design, Human-Computer Interaction.

SMAN 1 Wonoayu

Science and Mathematics Major

Sidoarjo, Indonesia

June 2021 - June 2024

- Relevant Coursework : Mathematics, Physics, Chemistry, Biology.

PROJECTS

- **Ruang Karya MAN 1 Gresik · Web (Laravel)** *May - June 2026*
 - Built a web-based marketplace platform for promoting and selling student-produced furniture, fashion products, and handicrafts, with dedicated features for customers and administrators.
- **Cloud Service Usage Impact Analysis on Student Academic Effectiveness · Computational Statistics Coursework (Jamovi, WarpPLS)** *April - June 2026*
 - Conducted descriptive and inferential statistical analysis using Jamovi, testing 5 methods including regression, chi square, t test, ANOVA, and Mann-Whitney U, before applying SEM-PLS via WarpPLS, finding a significant positive effect of cloud service usage on student academic effectiveness (path coefficient 0.534, $p < 0.001$, R-squared 0.29).
- **LOWONG Job Platform · UI/UX Design** *April 2026*
 - Designed a job marketplace platform connecting job seekers and opportunity providers in part-time, freelance, and volunteer categories through a user-friendly and accessible interface.
- **MONEY Savings and Loan Cooperative Application · Mobile (Flutter)** *March - April 2026*
 - Developed a mobile application for a pawn-based savings and loan cooperative, enabling members to access financial services and administrators to manage cooperative operations through a structured MVVM architecture.
- **MONEY Savings and Loan Cooperative Application · UI/UX Design** *February - March 2026*
 - Created UI/UX designs for a pawn-based savings and loan cooperative application, focusing on intuitive workflows for both members and administrators.

- **Noona Dalgona MSME Cashier Application · Visual Basic .NET Desktop** *October - November 2025*
 - Developed a desktop-based cashier application for an MSME to manage sales transactions, order processing, and payment recording efficiently.
- **LUNARA (Lancar Usaha Rakyat) Application · UI/UX Design** *September - October 2025*
 - Designed a user-centered interface and user experience for a community business empowerment platform aimed at improving accessibility and usability for small business owners.
- **Cinema Ticket Booking Application · Java Desktop** *April - May 2025*
 - Developed a desktop-based cinema ticket booking application that enables users to browse movie schedules, select seats, and manage ticket reservations.

ORGANIZATION & EXPERIENCE

Aksi Belajar Program

Teaching Staff

June 2026

- Taught a Database course session covering 4 core topics, basic DQL queries, SQL clauses, aggregation, and join operations, to prepare second semester students for their final exam.
- Administered a pretest and posttest, recording an average score increase from 84.4 to 87.5, reflecting a 3.1 point improvement in student understanding.

Veteran Robotic (VETRO)

Member

May 2026 - Present

- Completed hands-on robotics training across 4 core areas, including piloting, ship design, programming, electrical, and mechanical systems.
- Collaborated in a team of 5 members on 3 project based tasks, strengthening technical execution and problem-solving skills.

Information System Community (ISCOM)

Secretary 2

April 2026 - Present

- Managed administrative records and correspondence for a community of 50 members, preparing and organizing 10 activity-related documents within the period.
- Documented and archived meeting minutes and agendas across 35 organizational meetings, ensuring accurate records for future reference.

Information System Student Association (HIMASIFO) UPN “Veteran” Jawa Timur

Staff of the Advocacy Department

March 2025 - February 2026

- Served as PIC for scholarship information, distributing updates to over 1000 Information Systems students across 7 scholarship programs.
- Assisted 51 students in understanding application requirements, contributing to a 92% increase in successful scholarship submissions.

Sistem Informasi Cerdas dan Peduli Anak (SICERIA)

Head of Event Division

October 2025

- Led 25 members in delivering online hoax and cyberbullying awareness education to 35 children, coordinating with partners namely Titik 4 and WEPOSE Keputran Surabaya.

SKILL & INTERESTS

Soft Skills : Public speaking, communication, teamwork, leadership, problem solving, critical thinking.

Hard Skills : Java, Visual Basic, SQL, HTML, CSS, JavaScript, Jamovi, Microsoft Office, Git, GitHub, Visual Studio Code, and Figma.

Interests : Data analytics and fullstack development.

Languages : Indonesian (Native) and English (Basic).
